

**Season's Glen Residents!!**

**Fullerton Grounds Maintenance** is once again offering our snow removal services for your driveways for the 2023-2024 winter season.

- We will: 1.) **Automatically** clear accumulations of 3" and above at the **completion** of a storm  
 2.) We are available to remove accumulations of less than 3" by customer request **ONLY**. Charge will be minimum pricing schedule (see below).  
 3.) Plowing larger storms may require clearing your driveways twice, but that will be at the discretion of Fullerton Grounds Maintenance.

**Method of Recording Measurements:**

ION operates out of Morristown Airport. They determine the total number of inches and if an event is a single snow fall or multiple snow falls. If Fullerton Grounds Maintenance clears your driveway twice and if ION declares the event two separate snowfalls, then you, the customer, will be billed for 2 removals. However, if ION declares it a single snowfall, then you will be billed only one removal.

After each snowfall, all service will be logged against your deposit. **If your driveway was not cleared, Fullerton Grounds Maintenance MUST be notified immediately.** If Fullerton Grounds Maintenance is not notified immediately, then the charges to your account will remain.

**Fullerton Grounds Maintenance does not provide a salting service.** It is the responsibility of the homeowner to apply ice melter.

**Our snow removal services are provided directly to the homeowner and are in no way connected with the Association.**

**Terms of Payment:**

A pre-payment of \$165.00 is required. Payments will be applied towards this deposit as per the following pricing. Your patience in these situations is greatly appreciated. We do alternate streets to keep it fair.

Please note that should you (or a neighbor) decide to remove the snow from your driveway either in the midst of a storm or at the end of the storm before we have performed our snow removal services, you will still be charged as per this contractual agreement.
